BATH SOLUTIONS

ENHANCE YOUR COMFORT

We offer various accessories to make your bathing experience even more relaxing and tailored to your preferences. A pillow and footstop provide added comfort and are available in the most popular AUROUS®. Bath and whirlpool options.

Drains and under-mount installation accessories allows you even more flexibility for customization.

REMOVABLE PILLOWS

The pillow provides a comfortable addition to any AUROUS bath, whirlpool or BubbleMassage air bath. Suction cups hold the pillow firmly in place, yet allow it to be removed easily for cleaning.

SPA EXPERIENCE

Whether you are in the mood for soothing relaxation or an invigorating hydro-massage, AUROUS's breadth of products, features and options will transform your bathroom into a personalized retreat.

THOUGHTFUL DESIGN

AUROUS® delivers an extensive array of unique hydrotherapy experiences and styles - antique to contemporary, luxurious to minimalist - that can be customized to suit your experiences.

A woman with short dark hair is relaxing in a hot tub, her eyes closed and head tilted back. She is partially submerged in the water. To her right, the legs of another person are visible, also in the water. The background features a wooden wall, two large white ceramic vases, and a small lit candle in a glass holder.

PERSONALIZED RETREAT

AUROUS® UNIQUE EXPERIENCE

EFFERVESCENCE TECHNOLOGY

A series of ports, optimally located, distributes champagne-like bubbles that comprises of the perfect combination of air and water, allowing them to cling to and caress your skin. The result is a sublime, all-encompassing experience.

WHIRLPOOL JETS

AUROUS® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

BACKJETS

Available on select models, the Body massage backjet system, featuring ten AUROUS® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

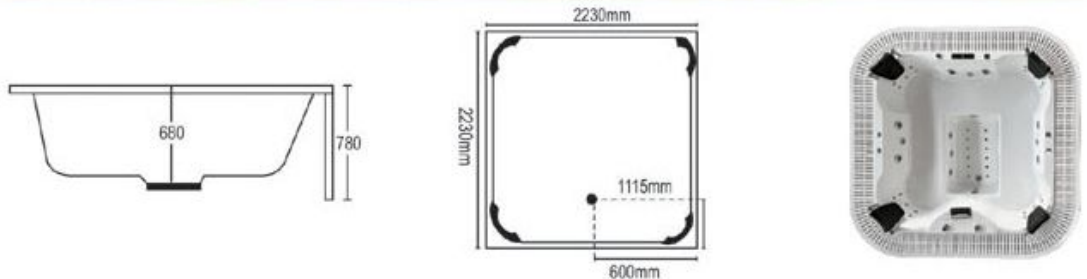

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.
